Your mountain home, the Centennial, four bedroom Penthouse, with its vaulted ceiling and oversized windows offers an abundance of light and captures the alpine views of Beaver Creek Mountain. The heart of the Penthouse living area has a commanding stone wood-burning fireplace and an open floor plan. The south-facing deck off the living room has sunshine and offers views of the skiers. The chef's kitchen is outfitted with custom cabinetry, granite counters, food prep island, pantry, bar, and beverage cooler. A spacious main floor primary corner bedroom has extra windows letting in the morning sunshine. The luxurious en-suite bath has a copper soaking tub, copper sinks and marble counters. Upstairs the second primary suite has vaulted ceilings and an extra sitting area to relax and enjoy mountain views. Third bedroom with vaulted ceilings has 2 extra built-in bunks and king bed. The fourth bedroom on the main floor has queen bunk beds or can be a perfect office space.
