3013 BOOTH CREEK DR, VAIL, CO 81657, USA

<https://resortdevelopmentmarketing.com>

Discover an exquisite fusion of modern design and alpine charm in this 5-bedroom, 6-bathroom mountain contemporary duplex, designed by acclaimed local architect Kyle Webb and expertly constructed by Nedbo Construction. This residence lives like a single-family home, offering separate private driveways and a thoughtfully designed layout. Each spacious bedroom features its own ensuite bathroom, creating an ideal retreat for family and guests. The open-concept main living area is complemented by a second living/game room, offering flexible spaces for entertaining and relaxing. Towering windows flood the interiors with natural light and frame unparalleled views of East Vail's dramatic mountain landscape, cascading waterfalls in the Spring and early Summer, including lush aspen groves—inviting your gaze upward to the breathtaking peaks beyond. Recent upgrades elevate the mountain lifestyle, including air conditioning mini splits, an enlarged new hot tub, ice maker and refrigerator on the lower level, a gas fire pit off the kitchen deck, new landscaping, and more. The two car garage was converted into second living area/game room by current owners. It can be easily converted back to a two car garage. Whether you're seeking a luxurious year-round residence or a high-end mountain getaway, this Booth Creek gem offers a rare combination of elegance, privacy, and location—all just minutes from Vail Village.
