COLUMBINE 4126 DRIVE, VAIL, CO, 81657

<https://resortdevelopmentmarketing.com>

Imagine waking to the rhythm of the creek and the first light stretching across a tree-covered mountainside. Step onto your deck with a warm cup of coffee and feel the calm settle in as the sun rises over your private slice of East Vail. In winter, snow drifts past your windows and an ice-climbing waterfall becomes a dramatic backdrop. In summer, wildflowers fill the meadow, wildlife wanders along the creek, and the only things you'll hear are water and quiet. With protected open space across the creek, your view—and your peace—will remain untouched. This is everyday life at 4126 Columbine Drive, a truly one-of-a-kind setting in East Vail. Fully remodeled into a modern mountain retreat, this 4-bedroom, 4.5-bath home blends elevated design with a rare sense of escape, yet you're just one block from the Vail bus route and minutes from the bike path, ski slopes, and trailheads. Expansive windows frame the landscape from every angle, filling the open living spaces with natural light and creating a seamless connection to the outdoors. Every room is crafted for comfort, whether you're hosting friends or curling up beside the fire. Downstairs, the rec room is built for fun—pool, ping pong, movie nights, and laughter that lasts well into the evening. Outside, the private hot tub sits just above the creek, your personal retreat after a powder day or long summer ride. Convenience continues with an attached two-car garage, a tall covered carport sized for a Sprinter van, extra driveway parking, and EV-ready wiring. Storage is abundant, with almost 1,500 square feet of bonus areas not included in the home's saleable square footage. And although the Vail Fire Station is next door, their crews are exceptionally considerate, avoiding sirens or lights until they've left the area, preserving the peacefulness of this mountain enclave. Life here is more than owning a home—it's stepping into a lifestyle of privacy, tranquility, and unmatched natural beauty.
